

DESIGN WEIGHTS INCREASE GET MORE PAYLOAD AND RANGE

If you're opting for the Phenom's high-density configuration, you'll want to boost the payload capacity and range of your airplane. We can increase the MTOW by more than 400 lb to give you more range. Let your Phenom 300 really go the distance with a higher MTOW. Let us know how far you want to fly.

	MAX RAMP WEIGHT	MAX TAKEOFF WEIGHT	MAX LADING WEIGHT	MAX ZERO FUEL WEIGHT
PHENOM 300	18,078 LB 8,200 KG	17,968 LB 8,150 KG	16,865 LB 7,650 KG	13,999 LB 6,350 KG
PHENOM 300 DESIGN WEIGHTS INCREASE	18,497 LB 8,390 KG	18,387 LB 8,340 KG	17,042 LB 7,730 KG	14,220 LB 6,450 KG
